**We are starting to implement a new project
"Latvian language with pleasure - 2"!**

The Innovation Support Centre has launched a major project called "**Latvian language with pleasure - 2**". The project will involve **240 persons**, third-country nationals* who will be able to learn the Latvian language free of charge in the amount of 120 academic hours. 50% of them will be able to take the national language proficiency test in the National Educational Content Centre (VISC) for free.

Latvian training courses are set at three levels – **basic (A), intermediate (B), and advanced (C)**. All four Latvian language skills – listening, reading, writing and speaking – will be developed at each level. Training will be suitable for people of different ages. That will help them to learn Latvian in an interactive way and will prepare third-country nationals to use their professional skills, obtaining necessary level of Latvian. That will also be helpful for acquiring a permanent residence permit and to be competitive in the labour market.

We plan to start courses for the first six groups from 10 February 2021. More information and registration form is available here <https://www.inovacijucentrs.lv/lv-arprieku2.php>

Latvian Language Course class will be held at Palasta Street 10, Riga/or online Zoom.. It is possible to organise class in other places in Latvia (upon request).

Project "Latvian language with pleasure -2", PMIF/6/2020/3/05.

Project implementation timeframe: 01.01.2021. – 30.09.2022.

Project receives financial assistance from The Asylum, Migration and Integration Fund (75%) and Latvian State Budget (25%)

*Citizen of a third country – a person, who is not a citizen of European Union, European Economic Area or Swiss Confederacy.
